JUSTICE AND RIGHT

VOLUME XLVIII

Tournament Was Big Success

EIGHT TEAMS ENTERED, GRAYLING CLASS C CHAMPS

ROSCOMMON GRABS OFF CLASS D CUP

The first annual state district basketball tournament that was held in Grayling school gymnasium was a big success in every way. It went off very nicely and smoothly and without any material complications.

There were eight teams entered and some mighty fine games were played. Each team worked hard to win and each was a fine credit to the community they represented.

Roscommon won the final class D championship and Grayling, after winning the class C championship, defeated Roscommon for the tournament championship.

The games throughout the tournament were refereed by Harold Huebner of the Saginaw Triangles, and Roy O. Milnes of Grayling. Edgar Macphie acted as official scorer and Don Reynolds as timekeeper. The latter was assisted in the afternoons by Fred Alexander.

West Branch-Wolverine

The first game was played Thursday afternoon between West Branch St. Joe team and Wolverine, the latter winning by a score of 16 to 9. This game was later protested, claiming that Wolverine had used an ineligible player, which claim was not disputed by the Wolverine coach and the game was forfeited to West Branch.

The scores by quarters were as follows:

1st qr.	2qr.	3qr.	4qr.
W. Branch St. Joe	0	3	8
Wolverine	4	4	7
Referee: Huebner. Umpire: Milnes.			16

Roscommon-Vanderbilt

Frederic and Vanderbilt on Thursday evening played fast and very interesting game, the latter winning out in the last quarter. The closeness of the game is well indicated by the following score by quarters:

1st qr.	2qr.	3qr.	4qr.
Frederic	6	8	12
Vanderbilt	6	10	10
Referee: Milnes. Umpire: Huebner.			18

Roscommon-McBain

The second game on Thursday night was between Roscommon and McBain. This ended in a score of 33 to 18 in favor of Roscommon. Right from the start Roscommon began ringing up baskets and McBain showed up in a much poorer light than they deserved. The team had arrived in Grayling after 24 hours on the road to go 35 miles and had to wait outdoors all night Wednesday night to await the Alba train to Grayling and during all this time they had been without sleep and rest and were unduly exposed to the cold. However they were a game lot and not a bitter complaint was heard from them. They easily topped the consolation final. Roscommon however played a fast game and were generally considered the best class D team in the tournament.

The scores by quarters were:

1st qr.	2qr.	3qr.	4qr.
Roscommon	11	19	27
McBain	2	6	12
Referee: Huebner. Umpire: Milnes.			18

Vanderbilt-West Branch St. Joe

The first game Friday afternoon between Vanderbilt and St. Joe of West Branch, the former winning by a score of 31 to 8. The West Branch St. Joe team was made up of quite young boys and considering their size and weight put up a very excellent game and showed fine team work, however their much larger and heavier opponents were too much for them. Vanderbilt too played a very good game. G. Leadbeater, center for Vanderbilt, lead in the scoring with seven goals, 14 points. E. Hoffman, right forward for Vanderbilt, was right behind him with 13 points.

Scores by quarters were:

1st qr.	2qr.	3qr.	4qr.
Roscommon	11	19	27
McBain	2	6	12
Referee: Huebner. Umpire: Milnes.			18

Wolverine-McBain

McBain showed up much better than they did while playing Roscommon when they played Wolverine Friday afternoon, winning by a score of 36 to 18. The Wolverine team was made up of quite young boys and considering their size and weight put up a very excellent game and showed fine team work.

McBain, center, for McBain, lead in the scoring with seven goals, 14 points. E. Hoffman, right forward for McBain, was right behind him with 13 points.

Grayling-Gaylord

McBain showed up much better than they did while playing Roscommon when they played Wolverine Friday afternoon, winning by a score of 36 to 18. The Wolverine team was made up of quite young boys and considering their size and weight put up a very excellent game and showed fine team work.

McBain, center, for McBain, lead in the scoring with seven goals, 14 points. E. Hoffman, right forward for McBain, was right behind him with 13 points.

Frederic-West Branch

In the semi-finals of the consolation series, Frederic easily defeated West Branch St. Joe. The score was 18 to 6. Sheldon, center for Frederic, started in point making with a score of six goals for 12 points. Capt. Dorence of Frederic, while he made but two baskets, played a star game and attracted a lot of attention by his clever floor work and passing. The scores by quarters were as follows:

1st qr.	2qr.	3qr.	4qr.
Frederic	8	12	16
West Branch	0	0	4
Referee: Milnes. Umpire: Huebner.			18

Grayling-Gaylord

Only two teams were entered in class C—Grayling and Gaylord and the former were easy victors of the Gaylord team. This game attracted a lot of attention and the gymnasium was pretty well packed with spectators. A special train brought about one hundred rooters from Gaylord. Both teams looked good when they

Harbinger of Spring

REVIVAL SERVICES BIG SUCCESS

Coach Huebner especially was fast and kept the game up to top-notch speed every minute. Both referees were highly praised by the players.

This week Thursday Grayling, winners of class C district championship, and Roscommon, winners of class D championship will go to Mt. Pleasant to participate in the tournament of teams that have been winners in the district tournaments. Here's hoping both Grayling and Roscommon will return with honors.

APRECIATE GRAYLING'S HOSPITALITY

McBain, Mich., March 16, 1926.

Editor Grayling Avalanche.

The Evangelistic effort under the direction of the Colegrove-Loes party, came to a successful close last Sunday night. One of the largest crowds that ever filled the church were before the Evangelists in their final service.

All those interested in the revival pronounced it a success in every way, for during the three weeks the Colegrove-Loes party were here one hundred and forty-five people accepted the Lord Jesus Christ as their personal Saviour.

Following the service Sunday evening, an informal reception was tendered the Evangelists, the new converts, and the official board of the church. One hundred thirty people sat down at the tables arranged in the form of a huge cross at this reception. Following the lunch, served by Mrs. Carl Englund, assisted by other ladies of the church, short addresses were given by Rev. Davison of the Free Methodist church, Mr. Bates represented the official board, Dr. Gorlow, Mr. Foss and Rev. Colegrove. Rev. Baughn acted as toastmaster. Rev. Davison spoke on the value of these services to the people and myself. Mr. Bates said "the value of the revival to the city," Dr. Goslow on "the value of the revival to the church." Mr. Foss expressed his appreciation for the fine co-operation given by the young people as well as the church as a whole and Rev. Colegrove finished with final words of advice to the new converts. A most enjoyable hour was spent in this unique service.

At the Sunday services a Men's brotherhood was organized and also a ladies class in the Sunday school. Both of these organizations meet at the regular Sunday school hour. The pastor invites all men and women of the church to attend these classes.

Rev. Colegrove and Mr. Loes left Sunday night for Detroit and Jackson where they will spend a couple of days and then they go to Lake Park, Iowa where they enter into another series of meetings on Friday of this week. These men leave behind them a host of friends who feel that the work they have accomplished in Grayling will be of unlimited value to both the community and the church.

WILLIE'S OPINION

"Now Willie, what motive impelled our early settlers to journey westward in their covered wagons?"

"I guess it must be curiosity, teacher."

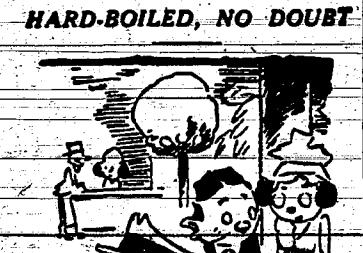

OR BILLIARD TABLE

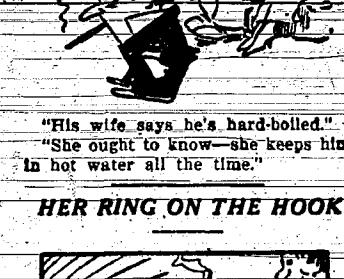

"So you found them playing poker in Germany—and with marks, too!"

"With marks of course."

"What did they use for a table—a barn floor?"

HARD-BOILED, NO DOUBT

"His wife says he's hard-boiled."

"She ought to know—she keeps him in hot water all the time."

HER RING ON THE HOOK

"When a girl starts fishing for a proposal, what should I do?"

"If you love her, put herring on her hook, of course."

OR PROBABLY WILL BE

Mabel—I just left Jack—he's safely wrapped up in his machine.

Maud—What a terrible smash-up it must have been!

OUT OF SIGHT

"How times have changed! What's become of the village blacksmith who used to stand under the spreading chestnut tree?"

"He's lying on his back under a barn wagon now."

RENEWABLE CHARMS

Mr. Laurels—More physical beauty is all too fleeting.

Miss Manchester—It doesn't last long but, then, it can be renewed, you say.

Worms Eat Up Ship

Teredos, the bivalve mollusks commonly known as ship-worms, destroyed Drake's famous ship, the Golden Hind, by honeycombing its timbers with their burrows.

"Weed" Made Useful

Sweet clover, once considered a troublesome weed, is now extensively planted as a valuable soil improver and a fixer of atmospheric nitrogen.

ANNUAL TAX SALE

STATE OF MICHIGAN.

County of Crawford, for the County of Crawford in Chancery; The Master of the Petition of Orval F. Fuller, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessment thereon.

The State of Michigan, by its Auditor General, of the State of Michigan, praying a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges thereon, and such parcels of land as are to be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the regular term of this Court to be held at Grayling, Michigan, on the 18th day of April, 1926, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the claim of the State of Michigan, against each parcel of land therein described, for the amounts so claimed by the State of Michigan, shall appear in said Court and file with the Clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same shall be heard and determined, and the decree rendered and prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon, and the amount of the same, on the first Tuesday in May, thereafter, at the time and place as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the highest price that may be obtained therefor, the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall on the succeeding day, or during such time as may be necessary, be offered and sold at a public sale, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State of Michigan.

Witness the Hon. Guy E. Smith, Circuit Judge, and the seal of said Circuit Court of Crawford County this 15th day of February, A. D. 1926.

GUY E. SMITH, Circuit Judge.

Counseled for Plaintiff
FRANK SALES, Clerk
(SEAL)

STATE OF MICHIGAN.

To the Circuit Court for the County of Crawford in Chancery: The petition of Orval F. Fuller, Auditor General of the State of Michigan, for and in behalf of said State, respectfully shows that the list of lands hereinbelow set forth, are lands of the County of Crawford upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid, together with the total amount of interest and charges thereon, and the amount of the same, and collection fee and expenses, as provided by law, extended against each of said parcels of land.

Your petitioner further shows that the Court that said lands were returned as delinquent, paid the collection fees and taxes of 1920, of the Public Acts of 1920, as delinquent for non-payment of taxes for said years respectively, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes in 1920, were returned as delinquent, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes in 1921, were returned as delinquent, and that said taxes remain unpaid; except in all cases where lands are included in "Schedule A", as delinquent for taxes of 1920 or of any prior year, said lands have not been sold for said taxes or have been heretofore sold for said delinquent taxes and the sale or sales due thereto were made in the competent jurisdiction.

It is further shown that the taxes, interest and collection fees and expenses as set forth in said "Schedule A" are valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on the said described lands have remained unpaid for more than one year after they were returned as delinquent, and that the same are now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fees and expenses as set forth in said "Schedule A" for the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that said lands be sold for said amounts due, and the lien aforesaid.

And your petitioner will ever pray, etc.

Dated February 9, 1926.

ORVAL F. FULLER,

Auditor General of the State of Michigan,
for and in behalf of said State.

A valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on the said described lands have remained unpaid for more than one year after they were returned as delinquent, and that the same are now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fees and expenses as set forth in said "Schedule A" for the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that said lands be sold for said amounts due, and the lien aforesaid.

And your petitioner will ever pray, etc.

Dated February 9, 1926.

for and in behalf of said State.

A valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on the said described lands have remained unpaid for more than one year after they were returned as delinquent, and that the same are now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fees and expenses as set forth in said "Schedule A" for the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that said lands be sold for said amounts due, and the lien aforesaid.

New Victor Records Out Today

Men's winter caps at Frank's now going at 99 cents.

Don't miss seeing "The Lost Battalion" March 25 and 26, Grayling opera house, 85 and 15c.

Mr. and Mrs. Robert Reagan entertained about twenty guests informally at their home Saturday evening after the tournament games.

Frank Cochran was pleasantly surprised on his 66th birthday last Thursday when a number of neighbors and friends gathered at his home to remind him of the occasion. A very pleasant evening was spent.

Julian Smith was host to six of his friends last evening at a dinner party to celebrate his birthday anniversary. The St. Patrick's color scheme was carried out very tastefully. Julian took his guests to the theatre after dinner.

Mrs. Adler Jorgenson entertained a number of friends at "500" Thursday afternoon. Mrs. Fritzie Kraus won first prize, consolations going to Mrs. Charles Fehr. The hostess served a delicious lunch. Mrs. Arnold Burrows and Mrs. Rhoda Everett were guests of the club.

Mrs. Victor Smith entertained two or three of "500" Tuesday afternoon. Mrs. Edna Matson and Mrs. Anthony Jauvin won first and second prizes. Mrs. Ben Lansberg and Mr. Arnold Burrows were guests of the club, Mrs. James W. Smith of Maple Forest, and was a member of the Grayling high school class of 1923.

The cause of her death was tuberculosis. Miss Smith was about twenty years old, and was a member of the Grayling Chapter Izaak Walton League. All the old officers were re-elected, as follows: P. G. Zulman, president; M. Hanson, vice-president; and Mr. Joseph Culligan, secretary-treasurer. At this annual dues meeting, it was decided to pay to any one of the officers, or to the finance committee, Heribert Gothro, Heribert Sorenson and Carl Sorenson.

Supt. P. G. Zulman of the Grayling fish hatchery who keeps an accurate record of the weather is authority for the statement that for the past seven nights the temperature has reached from one to nineteen below zero. The coldest night of the winter was March 28th; when it reached 28 below. On March eleventh it was nineteen below. Also during the month of March we have had more snow than during all the rest of the winter combined. For the past week the snow has been bright and warm and the snow is going rapidly. It is the general opinion that the backbone of winter is broken and that within a few days the snow will all be gone and spring days will be upon us. Let us hope that this is true.

Mrs. Annie Jane Liphard died at the home of her son Ray Liphard in Midland, March 9th, 1926, at the age of 63 years. Burial was held at Alpena March 11th. Surviving the deceased besides her husband, are three sons, Ray of Midland; John and Herbert of Grayling and two daughters, Mrs. Fred Harrington of Midland and Mrs. C. W. Larson of Grayling, a total of fifteen grandchildren and four brothers, J. W. Dunn of Standish, G. W. Dunn, R. G. Dunn and W. H. Dunn, all of Alger.

Robert E. Laidlaw, superintendent of the northern division of the Michigan Central railroad for the past five years with offices in Bay City, has been appointed superintendent of the Detroit division with headquarters at Detroit, effective March 15th.

Gordon C. McDonald, trainmaster at Bay City will take the place of Mr. J. B. Benson, who has been appointed superintendent of trainmaster with headquarters at Bay City and Mr. McLean of Mackinaw City will succeed Mr. McDonald.

Lloyd Jennings who has been at Orlando, Florida all winter, reports that capture of a nine foot shark while on a recent fishing trip, Lloyd is doing carpenter work at Orlando and says that he has been busy all winter.

The "500" club was entertained Wednesday afternoon by Mrs. John Benson at the home of her son, Mrs. John Benson. First prize was won by Mrs. Alvin Goff, contestants going to Mrs. Joseph McLean.

The ladies and men's rubber Saturday, you'll need a good pair of rubbers for the sloppy weather. Buy them at Frank's.

LIBERTY UNDER LAW

Ours is a government of liberty by, through and under the law. No man is above it, and no man is below it. The crime of cunning, the crime of greed, the crime of violence, are all equally crimes, and against them all alike the law must set its face. We have the right to ask every decent American citizen to rally to the support of the law if it is ever broken against the interest of the rich man, and we have the same right to ask that rich men cheerfully and gladly acquiesce in the interest of the law if it is the law. Incidentally, whether he acquiesces or not the law will be enforced; and this whoever it may be, great or small, and whichever end of the social scale he may be. Theodore Roosevelt.

THE RAILROAD RECOVERY

The rail recovery has been due to intensive effort on the part of the carriers themselves. Between 1922 and the end of 1925 they spent \$2,000,000,000 for improvements and new equipment. They have also steadily reduced their operating ratio. Increased efficiency has overcome to some extent the handicaps of low rates and high taxes. Taxes are enormous and are still mounting. But the industry as a whole has been mastering the difficulties created by government operation and not very friendly control. It has been reorganized and strengthened and the public attitude toward it is changing from indifference or hostility to cordiality and encouragement.

The railroads are a vital agency of prosperity and economic development. They are performing their functions satisfactorily, although receiving a very moderate compensation for their services. All they ask is a chance to do their work and to pay their way. That is the least which a competent government regulation ought to offer them.

RECOGNIZING SOVIETISM

Although soviet Russia continues her efforts to secure recognition at the hands of the United States, it is a recognized fact among administrative leaders that her desires will not be granted as long as the existing government remains in control of that country. Many well intentioned people in the United States believe we should recognize Russia as we are losing much in the way of trade relations by our continuous aloofness. Whenever our sympathy begins to get the better part of our judgment it is well to remember that one of the fundamental obligations of the soviet government is the attack upon the institution of public government in other countries. Large sums have been appropriated to carry on this work and recognition at our hands would let down the bars for them to carry on their work unhampered in this country. The people of the United States have always had a friendly feeling for that unhappy land, but until the present soviet government has passed on and out of the picture it is well that we continue apart from them.

COMING OF SPRINGTIME

Soon there will come the awakening of springtime, the season of the year when nature will throw off the old garb of winter and reappear in a new dress designed for this glorious occasion. And we will treat in her eddies and occasions when we should follow in the wake of the common mother of us all. We shall this

ful business man to the lone widow with her few hundred dollars to protect her against penury and want in her old age. He comes into the community like a thief in the night, selling worthless securities under promise of large returns, and there seems to be no way to combat his constant assault upon the pocketbooks of the public.

And yet there is a way, which if followed out by every would-be investor would soon rid this country of that kind of vermin. "Before you invest—investigate." Simple, isn't it? When one of these skunks invades your office or your home tell them you will place their proposition before your banker and abide by his decision. In practically every instance you'll never see or hear of them again, and at the same time you have saved yourself from an unwise investment.

Remember the stock swindler has schemes without number. He's lower down in the scale of decency than the man who holds you up and takes your money at the point of a gun. Beware of him as you would the sting of a scorpion, for his very presence means financial ruin and dependence. Have but one financial code, and stick to it: "Consult your banker first."

S.O.S.

During the recent terrific storms on the Atlantic four ships almost simultaneously reported themselves in peril.

"Fifty years ago," says the Paris, France, Times, "not only would they have been unable to call for help, but they would have stood strong chances of going down with all hands. Even in the steamer lanes, a sinking craft blown off her course or just out of the range of visibility of passing ships would have stood small chance of rescue. However, when the faint three dots, three dashes and three dots of the distress signal were picked up by some watchful wireless operator, the word was passed and the air was cleared for reception of the unfortunate ship's position and the organization of relief."

"The signals of the powerful navy stations crashed through the atmosphere, demanding right of way and silencing broadcasting. The music and entertainment going out from scores of American stations was stopped for the longest period since the popularization of the radio. Millions of listeners in on two continents were informed that ships were in distress and that they would have to forgo their evening's entertainment. "The world is growing smaller and safer."

For giving the face a good color, get one pot of rouge and one rabbit's foot. Bury them two inches from home and walk out and back once a day to see if they are still there.

GEORGE SMITH PASSED AWAY

RESIDENT OF GRAYLING 25 YEARS. EMPLOYEE OF M. C. 35 YEARS

The death of George E. Smith at his home in this city Sunday night was a severe shock to his family and a source of deep regret to his many friends. Mr. Smith passed away at 9:45 o'clock Sunday night after a week's illness.

Brief services were held Tuesday afternoon at the home at one o'clock previous to the removal of the body to Bay City for interment. Rev. J. Herman Baugh officiated at the services, and a choir composed of Mrs. C. G. Clippert, Mr. E. H. Webb, R. E. Goslow and J. Fred Alexander sang very beautifully. The selections chosen were "Lead Kindly Light" and "Beautiful Isle of Somewhere." Mr.

Smith was a member of the Masonic Fraternity of Pinconning, Michigan, and was very attentive to the meetings of Grayling Lodge and active in its work, and they in respect to their fraternal brother attended the services in a body, and escorted the funeral cortage to the train. The room in the home in which the remains repose was a bower of flowers which bore mute testimony of the high esteem in which Mr. Smith was held by his friends and fellow workers. He was also a member of Grayling Chapter O. E. S. No. 83.

Mr. Smith was of a sterling character and could always be depended upon to do his part at all times. His splendid personality won for him hosts of friends and he held the friendship of most everyone in this community. When it was learned that he had passed away many were the words of regret. He was dear to his family and his thoughtfulness and kindness to them will live long in his memory.

Mr. Smith was born at Ann Arbor, November 5, 1880 and when a small boy with his parents moved to Bay City, where he grew to manhood. He became connected with the Michigan Central railroad in 1890 at Pinconning, as scaler and continued in their employ up to the time he was taken ill. When a young man he scaled logs for Folsom & Arnold of Bay City.

Mr. Smith was united in marriage May 25, 1911 to Miss Amanda Carlson at Pinconning, and in 1901 Mr. and Mrs. Smith came to Grayling, the former as scaler for the M. C. They had resided in Grayling since that time where they have taken an active part in the social and civic affairs of our village. He was a member of the Grayling Board of Trade.

Surviving the deceased are his widow and daughter, Mrs. Ross Sparks of Ferndale, Michigan, one grandchild, and two sisters, Mrs. Alex Phillip of Bay City and Mrs. Elizabeth Harman of Detroit.

The funeral was held yesterday afternoon with services at the home of a niece of the deceased, Mrs. Fred B. Rogers of Bay City, conducted by Rev. C. E. Doty of the First M. E. church, formerly of Grayling. Interment was in Oak Ridge cemetery.

But how about the white collar bandit who preys upon the unwary and by his nefarious practices, covering every form of trickery, is able to mulct the American public every year of over a billion dollars, leaving in his wake a trail of destruction, want and misery, that is appalling. Nobody is safe against him, from the success-

MORTENSON SUBDIVISION IS FORMALLY OPENED

Extensive realty developments in the Detroit district are scheduled by Irvin "Oy" Huston, well known throughout this section for his prominence in the recreation field, both as champion billiard and whist player, and his partner Benjamin F. Mortenson, of the newly reorganized firm of Huston-Mortenson Co. Mr. Huston's faith in the growth of the Detroit district resulted in his recent venture in the real estate business.

One of the larger developments of the new firm is the Mortenvue subdivision located in the Ford River Rouge district. This is considered one of the most attractive sections near Detroit.

The new firm held its formal opening last week when hundreds of friends of the two partners visited them in their offices, which occupy the entire third floor of the Guarantee Trust Building.

Remember the stock swindler has schemes without number. He's lower down in the scale of decency than the man who holds you up and takes your money at the point of a gun. Beware of him as you would the sting of a scorpion, for his very presence means financial ruin and dependence. Have but one financial code, and stick to it: "Consult your banker first."

"Fifty years ago," says the Paris, France, Times, "not only would they have been unable to call for help, but they would have stood strong chances of going down with all hands. Even in the steamer lanes, a sinking craft blown off her course or just out of the range of visibility of passing ships would have stood small chance of rescue. However, when the faint three dots, three dashes and three dots of the distress signal were picked up by some watchful wireless operator, the word was passed and the air was cleared for reception of the unfortunate ship's position and the organization of relief."

"The signals of the powerful navy stations crashed through the atmosphere, demanding right of way and silencing broadcasting. The music and entertainment going out from scores of American stations was stopped for the longest period since the popularization of the radio. Millions of listeners in on two continents were informed that ships were in distress and that they would have to forgo their evening's entertainment."

"The world is growing smaller and safer."

Don't forget the operetta to be given on March 19th.

The spring fever has begun to take effect already. Perhaps that is why so many students walk around as they had an anchor on their feet. Perhaps that is the reason why teachers receive so little response to the first question.

Miss Harrod—What is hydrogen peroxide for?"

Matt Bidvin—Bleaching hair."

Evelyn Hiedemann (at the basket ball game, excitedly) Isn't that forward a dear? He hits the backboard nearly every time.

Algeria is tricky.

Physics is very deep, Latin keeps me busy, French is not a treat. "Speaking" takes preparing, Themes do tease my brain, "Wish I were in Dixie," Cuttin' sugar cane.

Miss Harris—Why were you tardy?"

Ellen Gethro—Class began before I got here."

Two students stretched and yawned. "What shall we do tonight?" "I'll toss up a coin for it—if it's tails, we'll go to the movies, if it's tails, we'll go to the basket ball game, and if it stands on edge we'll study."

Whatever trouble Adam had no man could make him sore by saying, when he told a joke, "I've heard that one before."

Brief services were held Tuesday afternoon at the home at one o'clock previous to the removal of the body to Bay City for interment. Rev. J. Herman Baugh officiated at the services, and a choir composed of Mrs. C. G. Clippert, Mr. E. H. Webb, R. E. Goslow and J. Fred Alexander sang very beautifully. Surviving the deceased are his widow and daughter, Mrs. Ross Sparks of Ferndale, Michigan, one grandchild, and two sisters, Mrs. Alex Phillip of Bay City and Mrs. Elizabeth Harman of Detroit.

The funeral was held yesterday afternoon with services at the home of a niece of the deceased, Mrs. Fred B. Rogers of Bay City, conducted by Rev. C. E. Doty of the First M. E. church, formerly of Grayling. Interment was in Oak Ridge cemetery.

But how about the white collar bandit who preys upon the unwary and by his nefarious practices, covering every form of trickery, is able to mulct the American public every year of over a billion dollars, leaving in his wake a trail of destruction, want and misery, that is appalling. Nobody is safe against him, from the success-

Rubber boots for children at Olson's.

Harry Helper spent the week end at his home in Bay City.

Miss Marguerite Thayer spent the week end at her home in Clare.

Miss Winifred Harrod spent the latter part of the week with her parents in Saginaw.

Easter Millinery—Opening at the Gift Shop, Friday and Saturday, March 26 and 27. Redson & Cooley.

Mrs. Frank Karnes of Flint arrived last Thursday and is visiting at the home of her mother Mrs. George Miller.

Miss Helen Rankin of Johannesburg, Europe visited over Saturday and Sunday at the home of Mr. and Mrs. Andrew Brown.

Mrs. Guy Peterson and twin sons Guy and Thordwald of Johannesburg spent Thursday visiting her brother Robert Rangan and family.

Mrs. Ruth McConnell returned on Monday afternoon from a several weeks visit with relatives and friends in Lansing, Detroit and Chicago.

Mrs. Tony Seeley of Manistee arrived Saturday afternoon to spend a couple of weeks visiting at the home of Mr. and Mrs. Hans Petersen.

Try Whitman's hot chocolate at our fountain. We also sell the powders so you can make your own.

Central Drug Store.

Mr. and Mrs. Frank Rockwell of Gaylord visited at the home of Mr. and Mrs. A. J. Joseph Friday, coming to attend the basket ball tournament.

Eugene Ordway, who operates a farm just out of Gaylord and is an old resident of that county has been receiving treatment at Grayling Mercy Hospital the past month. He returned home Tuesday feeling somewhat improved in health.

Mr. and Mrs. William Feldhauser motored up from Ann Arbor Friday to attend the Golden Wedding anniversary of the former's parents, Mr. and Mrs. Henry Feldhauser, and report that the roads were in excellent shape all the way through. While in Grayling they were busy calling on old friends. They like Ann Arbor very much and are meeting with much success there.

Eat at Home as They Do at the Battle Creek Sanitarium

Learn what it is to be fully alive and efficient! The average person is only half alive and prey to any and every disease that comes along (especially tuberculosis) because the foods eaten do not supply enough of the elements that make rich, red blood. Eat food containing plenty of food iron, food lime and vitamins and you'll know what it is to be really healthy, energetic and vital! Battle Creek Sanitarium Foods, perfected by dietary experts, contain the food elements your body requires. You'll find them to your liking, too.

Battle Creek Sanitarium Foods

We are official agents for these foods and can keep you supplied.

Let us tell you about the full line.

For a wonderful new vitamin break—**444-14** GLUTEN FLOUR—special for food for the invalid—use in limited starch diet.

SANITARIUM BREAD FLAKES—delicious breakfast food, extra large, crisp flakes with vitamin B.

DRYS PLAN WAR TO STEM WET ADVANCE

Counter-Offensive Started to Check Demand for Change in Present Law.

Washington—Goaded into action by fear that prohibition is losing favor, dry leaders in and out of congress have determined to start a counter-offensive to stem the rising tide of sentiment for modification of the Volstead act.

While drys publicly denounce the poll being taken by newspapers, revealing an overwhelming majority of the votes cast in favor of beer and wine, they admit privately that the poll has convinced them that they must beatir themselves or the prohition cause will lose ground rapidly.

Senator McKellar of Tennessee, a teetotaler and one of the most enthusiastic prohibitionists in the senate, has been selected to begin the dry drive.

In order to stop criticism by wetts of the laxity of enforcement, it is understood Anti-Saloon league leaders hope to win support from the President for more drastic legislation.

Although Senator Cumming of Iowa, chairman of the senate judiciary committee, announced appointment of a subcommittee to consider the various bills for repeal or modification of the Volstead law, the question of open hearings will be determined by the full committee after the small body reports.

The subcommittee consists of Senators Means, Colorado, chairman; Goff, West Virginia; Harrel, Oklahoma; Reed, Missouri, and Walsh of Montana. All but Reed are counted as drys.

In the house dry leaders held a council of war and determined to defer as long as possible hearings before the house committee on alcoholic liquor traffic to survey the results of prohibition.

Representative Oliver of New York offered a resolution proposing a constitutional amendment providing "a state law consistent with the Constitution shall be the supreme law within the boundaries of the state, the Volstead act notwithstanding."

In an accompanying statement, Oliver declared congress has usurped the field of enforcement under a Supreme court decision, and reduced states to mere enforcement agencies of the national government. He added:

"The rebellion of the people against the Volstead law is so widespread that the time is here for the restoration of state authority."

WASHINGTON BRIEFS

France has reopened discussion with United States of her \$4,000,000,000 debt.

The house foreign affairs committee favorably reported the bill appropriating \$10,000,000 for constructing American embassies and consular buildings in foreign capitals.

Organization of the nation's first dry air corps was ordered by Rear-Admiral Billard, commandant of the coast guard.

The internal revenue bureau will continue to accept separate income tax returns from husbands and wives in Nevada, Arizona, Idaho, Louisiana, Texas, Washington and New Mexico. It was announced.

KEOK will be the call letters of the "North Pole Radio Station" of the Arctic expedition to be headed by Lieutenant Commander Richard E. Byrd, he announces. Powerful radio equipment for transmission of telegraphic reports will be carried into the Far North, Byrd stated, and daily communication will be attempted.

Mob Kills Three in Mexican Church Riot

Nayarit, Mexico.—Three representatives of the State of Nayarit were killed and a number of persons injured, one girl probably fatally, in a riot resulting from orders to close a Catholic church at Jalisco, a neighboring town. The officials met armed opposition from church followers.

A Catholic priest at Jalisco had failed to comply with the closing law and was standing his ground against Presidential orders with the backing of his flock.

Representatives of the government at Jalisco were met by an infuriated mob, which demanded their withdrawal.

Undaunted by the mob confronting them, which was armed with all sorts of weapons, the three men faced the gathering and read the authorization of the government's closing of the church. Soldiers in sufficient numbers to protect the dignitaries were not available.

To Prison for Life

Mason, Mich.—Arthur C. Rich, millionaire's son, was found guilty of criminally assaulting Louise King, twenty, Battle Creek college coed, by a jury here. Judge Collingwood immediately sentenced the twenty-year-old defendant to life imprisonment at Jackson.

Wins "Fiddle Down" at 72

Aubon, Ind.—Harley Bux, seventy-two, won first place in a fiddling and dancing contest staged here.

A few years ago a gentleman over in Europe started something and he didn't have the disadvantage of being called "Muss" for short, either.

The chorus girl who was placed in a bathtub of wine probably that she'd wandered into a plumber's convention by mistake.

Probably the silver lining to every cloud won't be so hard to understand when the time comes we can jump in our air-silvers and go up and take a look on the other side of the cloud.

Michigan Happenings

Fielding H. Yost, director of athletics at the U. of M., addressing about 500 students of the Monroe high school and eighth grade at Monroe recently, said: "There is no school like Michigan. All the faculty asks when the students enter is that they come clean and that if they violate any of the laws they must pay the penalty. One of the biggest assets of the college life is to obey the laws of health. Thinking is also a great asset, but the great trouble with many of the students today is that they think they don't have enough backbone."

The menace of democracy lies in its failure to develop distinction was the opinion expressed by Dr. Lynn Harold Hough, pastor of the Central Methodist of Detroit. In his address on "Can Democracy Produce Great Leaders?" given before members of the Wesleyan Guild of the Methodist church at Ann Arbor, "Democracy cannot develop great leaders, for men are not judged on the same moral and intellectual basis," said Dr. Hough. "Democracy must efface artificial barriers if it is to achieve its paramount purpose."

A fight between the American Legion membership of the Lower Peninsula of Michigan and that of the Upper Peninsula is forecast when the Legionnaires gather at Iron Mountain in convention on Aug. 23. In this impending fight, which will center about charges that the Lower Peninsula ignores and discriminates against the Upper Peninsula veterans, the entire Upper Peninsula membership will be asked to join.

A committee representing the paper manufacturers of the state will be given 60 days to decide upon a definite concerted plan to treat the waste they have been dumping into Michigan streams so the waste will not be dangerous to fish life and the public health. Approval of the plan lies with representatives of the Department of Health, Department of Conservation and the Attorney General's office.

Improvements costing \$40,000 will be made in the local yards of the Toledo & Western Electric railroad this summer; it has been announced. A new electrical substation will be constructed and a new rotary converter installed. The new equipment will increase the capacity of the state to 500 kilowatts. A number of improvements on the roadbed have been made during the last year.

KEOK will be the call letters of the "North Pole Radio Station" of the Arctic expedition to be headed by Lieutenant Commander Richard E. Byrd, he announces. Powerful radio equipment for transmission of telegraphic reports will be carried into the Far North, Byrd stated, and daily communication will be attempted.

Patting parties on the front seat of automobiles in Pontiac would be punishable by fines up to \$100 or 90 days imprisonment in the county jail under the terms of an ordinance introduced recently before the Pontiac City Commission. The proposed ordinance would make the penalty the same for the driver of the car and his or her companion. The ordinance was tabled temporarily.

Plans of Dr. Clarence Cook Little, president of the University of Michigan, to bring the alumni into closer touch with their university and to train each man in college to his part as an alumnus will be carried out by a standing committee has been appointed, with S. D. McGraw of New York, a graduate of the class of 1892 as its head.

A. C. Sopher, of Gregory, Calif., was found to be in the serious condition at the Fort Sam Houston base hospital where he was taken with a fractured skull following his airplane crash at Nixon, Texas. Sopher was flying one of a number of planes returning to San Antonio from Galveston.

George Bradley, 55 years of age, of Owosio, a conductor on the Ann Arbor Railroad, was killed when he was hit by a train in the railroad yard at Cadillac during a snow storm. Bradley had just checked his owl train preparatory to starting south when he was struck by a north-bound train which was switching on another track.

Fred Perry, president of Vernon Village, will be arraigned in Justice court on a charge of assaulting Earl Jones, also of Vernon. Jones is alleged to have referred sarcastically to one of Perry's official acts and was punched on the jaw by Perry, it is charged.

John H. Kelly, 76 years old, oldest employee of the Michigan State Prison in point of service, is dead at his home in Jackson after a short illness. Mr. Kelly was a guard at the prison 26 years, being on duty daily until a month ago.

An order for 6000 motors, given the Wilson Foundry & Machine Co., Pontiac, is the largest ever placed with the concern by the Federal Motor Truck company, and will be worth about \$1,500,000. It is estimated.

A few years ago a gentleman over in Europe started something and he didn't have the disadvantage of being called "Muss" for short, either.

The chorus girl who was placed in a bathtub of wine probably that she'd wandered into a plumber's convention by mistake.

Probably the silver lining to every cloud won't be so hard to understand when the time comes we can jump in our air-silvers and go up and take a look on the other side of the cloud.

ST. PATRICK PARTY A BIG SUCCESS

The second of a series of entertainments and parties given under the auspices of the Hospital Aid for the benefit of the hospital was given on Wednesday evening at the school gymnasium. The occasion was a St. Patrick's dancing party. The committee of which Mrs. Esbena Hanson was chairman was very clever in

decorating, restrooms of green harps, lade and lassies, plump little pigs and shamrocks, all symbolic of the Erin Isle were strung about the gym.

These were entwined with small red, green, blue and yellow balloons which added greatly to the attractiveness of the decorations. White crepe paper covered the lower part of the balcony and this was covered with the green figures. At each end of the gym was a white shield with the lettering "Erin-Go-Bragh" and "Mercury Hospital, March 17." The orchestra pit was very unique, being of a latticed porch effect with a green draped window effect at the back, the lattice work being intertwined with green ferns, shamrocks and balloons.

The whole effect was very pleasing. Schramm's Ramblers furnished the music and as usual gave very good satisfaction.

In one corner of the gym a long table had been placed for serving the lunch. This was very pretty with the white cloth covered with the Irish symbols and green candles in candlesticks in the center.

There was a very good sized crowd in attendance and everyone seemed in the best of spirits, which helps to make any party a success.

Mrs. Hanson and her committee surely arranged a very charming party which was a splendid success financially as well as socially, as between four and five hundred dollars was raised.

There was a very good sized crowd in attendance and everyone seemed in the best of spirits, which helps to make any party a success.

Farm Bureau Notes

R. D. BAILEY

County Agricultural Agent

Plant a Fruit Tree This Spring.

He who plants a tree, plants hope,
Roots up through fibers
blindly grope;
Leaves unfold into horizons free;
So man's life must climb
From the clouds of time,
Unto heaven's sublime.

Canst thou prophesy, thou little tree,
What the glory of thy boughs shall
be?

He who plants a tree,
Plants peace,
Never hast thou dreamed, thou bless-
ed tree.

Of the benediction thou shalt be.

He who plants a tree.

Plants love,

Tents of coolness spreading out above

Wayfarers he may not live to see,

Gifts that grow are best;

Hands that bless are best,

Plant, Life does the rest.

Heaven and earth help him who

plants a tree.

And his work its own reward shall
be.

LUCY LARCOM

Opportunity.

What an opportunity to bless the present and future generations, to provide an income for old age, to land awaken finer sensibilities, to beautify our farmsteads, to bind children with pleasant ties to the old home, to leave a sweet keepsake behind when we pass on, lies right at hand in the planting of fruit trees this spring.

Need.

Practically all farm homes in our county need more fruit—apples, cherries, plums. These fruits are good for the family and often are not supplied in sufficient quantity, although craved. Such fruits thrive here. This is an apple region.

An abundance of well-grown apple trees gives a succession of delights throughout the year, from the time the eye is ravished with the sight of the delicate pink and white buds, the sense of smell aroused by the odor of blossoms, the ear charmed by the farm attendant hum of bees; the joy of the many a farmer among us, who, first fruit, the succession of rich finds it hard to lay up a cent, and is the new improved varieties that cost.

treats ranging from the harvest beginning to worry about old age but a few cents each.

When he cannot work, can settle that through the early fall apple, the late all right by planting apple trees—

apples our farms should be planted to carefully selected, choice, late winter varieties.

Plant one acre a year and take care of the trees. Set 40 feet apart each way. An acre requires 27 trees. Land is cheap here. Set the trees 40 feet apart, then you can drive the team among them and work the land without injuring the trees.

Keep on planting until you have five acres. Some farms should have ten, of choice, late winter varieties. Success will require fertilizing a little and lots of spraying.

Then you will have sound, smooth desirable apples to eat, sell and ship. As you are peddling your butter, why not take orders for apples—bushel here, there, ten in the other place, and deliver them next week—as choice as the sample?

Suppose you got \$2.50 to \$3.00 a bushel—half what stores have to charge for western apples—your well-sprayed crop from five acres would bring you more than you ever got from any Crawford county farm.

Planted and cared for in this way, the time would soon come when shippers would be in this region, shipping cars of barrelled apples and cars of boxed fruit, each boxed apple carefully wrapped in paper—a few hundred bushels from each farmer to make up a car.

A Few Plums and Cherries.

In a block by themselves at the end of the proposed orchard nearest the house, plant a few plum trees and a few cherry trees. You get quick action on plums and cherries if they are kept fertilized and sprayed. You pick fruit from them almost before you know it. There are several varieties of good plums and cherries. Why not plant three of each of three varieties?

Think of the delights of a well-made cherry pie!

Think of the delights of standing under a plum tree and filling up on the luscious blue-black fruit!

The sleek, patient cattle are waiting at the bars. We become thoughtful and thank God for freedom, peace and the independence and the obligations of our farm home. We feel that this is our natural environment, our satisfying place to live.

Don't Pay Too Much.

It fills me with regret to see a farmer or a villager pay \$2 to \$2.50 for a small fruit tree bought from a traveling agent. Such high prices have much to do with keeping people from setting out as much fruit as they would.

I Got Them For You.

Wishing to protect our people on farms and in villages and to encourage the setting of trees, I have written late in the winter. That counts up, ten for and secured the fruit tree either if you have them to buy or to sell. Such prices cause many to eat price lists of a few firms that I believe have good trees.

Find that there are plenty of fragrant apples all winter and they trees—apple, cherry or plum—for fifty to ninety cents each. I intend

to let children munch ripe, little places where we can get good apples all winter and they trees—apple, cherry or plum—for fifty to ninety cents each. I intend

to let children munch ripe, little places where we can get good apples all winter and they trees—apple, cherry or plum—for fifty to ninety cents each. I intend
